BODYFENCE

PAINT PROTECTION FILM

Self-adhesive film manufacturer for over 25 years

HEXIS are delighted to be launching a new generation car body protection film.

The new BodyFence range has been developed by **HEXIS R&D** based on cutting-edge technology and will protect your vehicle against external aggressions:

- **Scratches**
- **Stone chips**
- **Abrasion**
- **UV rays**

In addition, the film facilitates cleaning by preventing dirt from adhering to the paint. It will keep your vehicle...

FOREVER YOUNG

Why use the BodyFence film?

TO PROTECT YOUR PAINT

In accordance with new legal requirements, car manufacturers are obliged to use water-based paints to better preserve the environment.

These paints are less resistant on the surface to scratches or impacts.

The BodyFence paint protection film has been developed by HEXIS for long-term protection.

Thanks to its anti-shock, self-healing and self-cleaning properties, the BODYFENCE protective film offers perfect protection.

155 MICRONS (GLOSS)
160 MICRONS (MATT)

PET LINER

THE BODYFENCE PLUS

CHIPPING-RESISTANT

WITHOUT

WITH

There are a million causes of paint damage from stones and gravel to road debris. Resist the impact from these every day road hazards with BODYFENCE.

SELF-HEALING

Should your paint become scratched, the BODYFENCE protective film will regenerate with the help of heat from the sun or hot water. Scratches appear on the car body when using automatic mechanical car wash brushes, when rubbing against bushes on road sides, during everyday use or due to an act of vandalism. All these scratches will disappear from the surface of the protective BODYFENCE film thanks to the heat of the sun or just rinsing with hot water. Your original paint is preserved ... Forever Young!

SELF-CLEANING

The BODYFENCE protective film contains an anti-adhesion component. Thus, dust and dirt will adhere much less to the car body. Cleaning will be less frequent and significantly easier.

ULTRA TRANSPARENT

The BODYFENCE protective film is a highly transparent film developed to protect the vehicle without altering its appearance. This film is available in both gloss and matt finish. HEXIS BODYFENCE film in matt version will make any paint or gloss film matt.

HEXIS[®]

DESIGN

WHAT IS HEXIS DESIGN ?

A versatile software containing pre-cut patterns for vehicle application.

2 data bases available :

- BODYFENCE PPF*
- WINDOW TINT FILMS

* Paint Protection Film

MORE THAN 30.000 VEHICLES AVAILABLE

ANALYTIC DASHBOARD

NO MORE CUTS ON THE CAR

SAVE MATERIAL

INCREASE PRODUCTIVITY

SAVE MONEY

EASY TO USE

BLACKLIGHT

ACCESSORIES

KIT 1-2-3

PRIOR TO APPLICATION

It is required to clean the substrate using the System 1-2-3 liquids, prior to application:

- 1. REMOVER** – a powerful cleaning agent to remove tar, grease, resin, adhesive residues etc
- 2. PRECLEANER** – a powerful universal cleaning agent to remove grease traces, insects...
- 3. Final Cleaner** - a mild cleaning agent to use for the preparation of substrates.

Consider using the microfibre MFKIT set for cleaning.

DURING APPLICATION

For the application and for all finishes, we recommend using a mixture of soap and water. To apply this mixture on the substrates, we recommend using our **PULVITRE** and **PULVERISAT** accessories.

The high pressure steamer **STEAMERSC1** allows easier application of BODYFENCE.

The new HEXIS Gel has been specially developed for the application of BodyFence. It allows to significantly reduce the application time.

PULVERISAT PULVITRE STEAMERSC1 HEXISGEL

MARJO

Squeegees:

MARJO (medium) multipurpose squeegee. Width: 47 cm - 18"½

BLAKSQUEEG (soft) black squeegee for the application of BodyFence on concave highly curved surfaces. Width: 23,5 cm - 9"¼

YELSQUEEG BLUESQUEEG BLAKSQUEEG

Squeegees with handle:

YELSQUEEG (medium) yellow squeegee – Application of BodyFence on flat and/or 3D surfaces. Width: 12,5 cm - 4"¾

BLUESQUEEG (hard) blue squeegee – Application of BodyFence on flat surfaces. This squeegee can be used with the handle of the **YELSQUEEG** squeegee. Width: 12,5 cm - 4"¾

Squeegees with handle allow higher pressure on the film and thus better removal of the application liquid/gel.

SHAMPCAR

LASERWASH

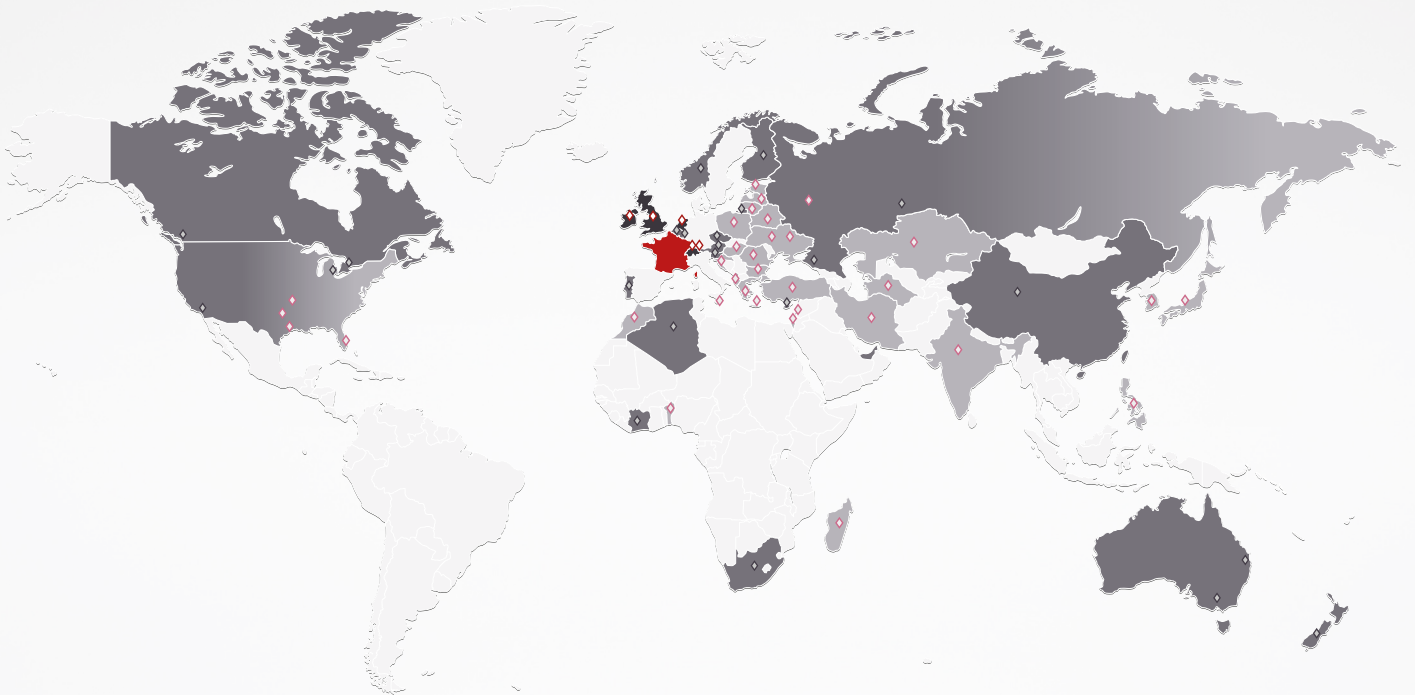

CLEANING

We recommend our cleaning product range for easy everyday cleaning.

For cleaning: **SHAMPCAR**

For optimal cleaning and final gloss: **LASERWASH**.
